

sustainability & innovation

Mellifera JSC is a dynamic Bulgarian company with innovative portfolio of organic foods. Since 2016 we work with organic honey and export our original products to Europe, Asia, and USA.

The company has its own manufacturing facility in Sofia, Bulgaria, where honey-based functional and sports foods are developed. The production is certified BIO/Organic by SGS, and the activity is registered in the Bulgarian Agency for Food Safety (GMP, HACCP). Mellifera is also U.S.FDA registered, and certified according to the IFS Food 8 standard.

Since its IPO in 2022 Mellifera JSC is a public company with listed stocks on the Bulgarian Stock Exchange market in the segment for fast-growing companies BEAM (BSE: MELI).

Our mission is to promote sustainability and organic production by developing and marketing functional foods and nutritional supplements with honey.

MELLIFERA

Mellifera has won numerous international awards for its innovations and bold flavors.

Our recipes are carefully developed to meet expectations of international clients and consumers with countless preferences. Honey blends with precious ingredients like Rose oil, Truffle, or even Gold, are manufactured under the PRIVATE LABEL for customers from Singapore, Hong Kong, Sweden, Belgium, UK, Kuwait, and UAE.

Following our mission to expand the number of consumers of honey, we mix it with freeze-dried fruits, essential oils, and superfoods to create healthy alternatives to popular sugary sweets.

Yet, for those, who admire pure honey, we offer the best quality of the finest Bulgarian honey – in jars, or in a honeycomb. Packaging can vary and be tailored to individual customer taste.

mellijelli

Besides jars, Mellifera uses creative packaging for the picky users and those, who would like to take the honey on the go.

We promise that the quality of our products is good enough for our own children!

Flavored honey is the best way to serve them a good sweet with all benefits, and no guilt.

Strawberry flavor comes from real strawberries!

We use 100% organic ingredients, no artificial flavoring, colorants, GMO, or allergens.

Melli GEL

Mellifera launched truly innovative sports nutrition under its own brand in 2021.

MelliGEL® is a multiple award-winning organic energy gel designed for endurance and concentration during sustained exercise. It contains pure honey blended with Cordyceps sinensis, freeze-dried fruits and other superfoods, herbal extracts, and Himalayan salt; the product is raw; without GMOs, additives or allergens. It has several key competitive advantages over other energy gels. Moreover, the product is certified by Informed Sport (LGC, testing each batch according to the requirements for professional athletes of the World Anti-Doping Agency).

Due to its dual benefit - for energy and recovery, MelliGEL is used by athletes, but also by other people who need energy and support for immunity and well-being.

The product is distributed in Germany, Greece, UAE, Japan and USA. In Bulgaria, it is represented in various sports shops, gyms, organic chains, as well as in the major food chains DM and Lidl.

MelliGEL's portfolio contains 10 flavors grouped into categories *MelliGEL Original* (guarana, spirulina, sour cherry with ginger, matcha), *MelliGEL +caffeine* (strawberry, raspberry, citrus), *MelliGEL PRO* (cacao mint, blackcurrant, beetroot with orange).

Product is packaged in single dose of 32g, 12 pcs. in a display box.
